

Cleaning

1 Cleaning Machines and Systems

Indoor cleaning

- 1.1.1 Floor refinishing machines
- 1.1.2 Floor sanding/polishing machines
- 1.1.3 Brush vacuum cleaners
- 1.1.4 Pressurized spray and disinfection equipment
- 1.1.5 Automatic escalator cleaners
- 1.1.6 Large waste removal machines
- 1.1.7 High pressure cleaners (hot water)
- 1.1.8 High pressure cleaners (cold water)
- 1.1.9 Sweeping machines
- 1.1.10 Sweeper vacuum equipment
- 1.1.11 Blind and curtain cleaning equipment
- 1.1.12 Wet and dry vacuums
- 1.1.13 Upholstery cleaning equipment
- 1.1.14 Cleaning machines for indoor jalousie
- 1.1.15 Pipeline cleaning machinery
- 1.1.16 Scouring and polishing machines
- 1.1.17 Scouring vacuum equipment
- 1.1.18 Spray extraction machines
- 1.1.19 Vacuum cleaners
- 1.1.20 Carpet cleaning equipment (dry)
- 1.1.21 Carpet cleaning and shampooing machines
- 1.1.22 Wall and ceiling cleaning equipment

Outdoor cleaning (facade)

- 1.2.1 Pressurized spray and disinfection equipment
- 1.2.2 High pressure cleaners (hot water)
- 1.2.3 High pressure cleaners (cold water)
- 1.2.4 Cleaning machines for outdoor jalousie
- 1.2.5 Cleaning robots for facade and window cleaning
- 1.2.6 Cleaning system for facade
- 1.2.7 Cleaning system for windows
- 1.2.8 Pipeline cleaning machinery
- 1.2.9 Miscellaneous facade cleaning equipment

Outside facilities

1.3.1 Maintenance of paths and squares

- 1.3.1.1 Modular sweeping machines
- 1.3.1.2 Large area cleaning machines
- 1.3.1.3 Sweeping machines
- 1.3.1.4 Vacuum sweeping machines
- 1.3.1.5 Waste and garbage vacuums
- 1.3.1.6 Street cleaning machinery
- 1.3.1.7 Winter weather machinery and equipment

1.3.2 Maintenance of grassed and wooded areas

- 1.3.2.1 Mowers
- 1.3.2.2 Vacuum and blowing equipment

1.3.3 Miscellaneous outside facilities

- 1.3.3.1 Cleaning machinery for transportation facilities
- 1.3.3.2 Cleaning and maintenance equipment for athletic and sports facilities
- 1.3.3.3 Special cleaning equipment

Laundry and dry cleaning

- 1.4.1 Dryers for mops, pads, cloths, overalls etc.
- 1.4.2 Washing and cleaning machines

Industrial cleaning

- 1.5.1 Permanently installed high pressure cleaning systems
- 1.5.2 High pressure cleaners (cold water)
- 1.5.3 High pressure cleaners (hot water)
- 1.5.4 High pressure water jet machines
- 1.5.5 Industrial vacuum cleaners
- 1.5.6 Sewer pipe cleaners
- 1.5.7 Wet sand blasting equipment
- 1.5.8 Low pressure equipment
- 1.5.9 Special equipment for tank and garbage container cleaning, interior and exterior container cleaning, etc.
- 1.5.10 Special equipment for concrete refinishing, disposal, paint removal, etc.
- 1.5.11 Centralized vacuum systems

Automobile cleaning

- 1.6.1 Portal washing machines
- 1.6.2 Self-service high pressure cleaning equipment
- 1.6.3 Stationary high pressure cleaning facilities
- 1.6.4 Car washes

2 Cleaning Equipments and Materials

- 2.1 Waste containers
- 2.2 Rubbish baggs
- 2.3 Brushes and brooms
- 2.4 Mobile buckets
- 2.5 Wet-wipe machinery
- 2.6 Equipment trolleys
- 2.7 Leather, fleece and sponges
- 2.8 Mops
- 2.9 Pads
- 2.10 Dirt mats
- 2.11 Special glass-cleaning equipment
- 2.12 Cloths

3 Accessories for Machines and Equipments

- 3.1 Batteries and chargers
- 3.2 Fasteners and connectors
- 3.3 Brushes and roller equipment
- 3.4 Seals and gaskets
- 3.5 Nozzles and valves
- 3.6 Springs and fuses
- 3.7 Filter inserts and cartridges
- 3.8 High pressure hoses
- 3.9 Water and extractor hoses
- 3.10 Tools, toolboxes and cabinets

4 Chemical Cleaning and Care Materials

Chemical cleaning and care materials for floors

- 4.1.1 Chemical cleaning and care products for hard floor coverings (stone, tile, etc.)
- 4.1.2 Chemical cleaning and care products for wooden floors
- 4.1.3 Chemical cleaning and care products for synthetic floors
- 4.1.4 Chemical cleaning and care products for carpets

Chemical cleaning and care materials for building facades

- 4.2.1 Chemical cleaning and care products for stone facades
- 4.2.2 Chemical cleaning and care products for glass facades
- 4.2.3 Chemical cleaning and care products for metallic facades
- 4.2.4 Graffiti removers

Chemical cleaning and care materials for furniture

- 4.3.1 Chemical cleaning and care products for toilet fixtures
- 4.3.2 Chemical cleaning and care products for furniture
- 4.3.3 Chemical cleaning and care products for upholstery
- 4.3.4 Chemical cleaning and care products for doors and windows
- 4.3.5 Detergents for curtains, floor mats etc

Chemical cleaning and care material ranges for interior and exterior cleaning, especially for public institutions and buildings

- 4.4.1 Chemical cleaning and care products for sports facilities, swimming pools etc.
- 4.4.2 Chemical cleaning and care products for hospitals, nursing homes etc.
- 4.4.3 Chemical cleaning and care products for transportation facilities etc.
- 4.4.4 Chemical cleaning and care products for office buildings

Chemical cleaning and disinfecting agents for hygienic cleanliness

- 4.5.1 Chemical cleaning and disinfection products for toilet facilities
- 4.5.2 Chemical cleaning and disinfection products for hospitals, nursing homes, doctors' offices
- 4.5.3 Chemical cleaning and disinfection products for food service operations

Cleaning machine accessories for chemical cleaning and care programs

- 4.6.1 Products for single disc cleaning equipment
- 4.6.2 Products for spray and extraction equipment
- 4.6.3 Products for high and low pressure equipment
- 4.6.4 Products for automatic scouring machines

4.7 Chemical products for clean-room cleaning and hygiene

4.8 Chemical products for building maintenance

Other chemical cleaning and care materials

- 4.9.1 Industrial cleaners, cold cleaners
- 4.9.2 Sweeping compounds
- 4.9.3 Foam cleansers
- 4.9.4 Dishwashing detergents
- 4.9.5 Toilet cleansers
- 4.9.6 Decalcifiers
- 4.9.7 Saturants
- 4.9.8 Antistatic agents
- 4.9.9 Detachurprogramme
- 4.9.10 Scouring agents
- 4.9.11 Sanding and polishing agents
- 4.9.12 Pest control products
- 4.9.13 Hand soaps

5 Industrial Hygiene Products

- 5.1 Air fresheners
- 5.2 Automatic hand washers
- 5.3 Hygienic materials containers
- 5.4 Paper towels and dispensers
- 5.5 Automatic hand dryers
- 5.6 Accessories for sanitary and bathing installations

6 Technical Works Equipment

- 6.1 Working platforms
- 6.2 Baling presses
- 6.3 Scaffolding
- 6.4 Ladders
- 6.5 Other technical works equipment

7 Occupational and Protective Clothing

- 7.1 Occupational clothing
- 7.2 Paper clothing
- 7.3 Protective gloves
- 7.4 Protective clothing
- 7.5 Safety clothing
- 7.6 Safety footwear

Management

8 Commercial Building Management

- 8.1 Procurement management
- 8.2 Facility management
- 8.3 Cost planning and control
- 8.4 Property accounting
- 8.5 Personal management
- 8.6 Contract management

9 Software

- 9.1 Commercial accounting
- 9.2 Payroll systems
- 9.3 Software for building management
- 9.4 Software for calculating the economic use of machinery
- 9.5 Software for dimensioning traction batteries

Services

10 Services

10.1 Cleaning and care services

- 10.1.1 Building and specialized cleaning
- 10.1.2 Decontamination
- 10.1.3 Disinfection and pest control
- 10.1.4 Window and facade cleaning
- 10.1.5 Industrial cleaning and maintenance
- 10.1.6 Textile cleaning
- 10.1.7 Maintenance cleaning
- 10.1.8 Transportation cleaning
- 10.1.9 Laundry

10.2 Gardening and winter services

10.3 Caretaker services

- 10.3.1 Control and maintenance of technical building equipment
- 10.3.2 Maintenance of outside facilities

10.4 Security services

- 10.4.1 Reception services
- 10.4.2 Emergency services
- 10.4.3 Building security and protection

10.5 Disposal

10.6 Catering

- 10.6.1 Cafeteria management
- 10.6.2 Administrative service

10.7 Special services

- 10.7.1 IT services
- 10.7.2 Copy and printing services
- 10.7.3 Parking management services
- 10.7.4 Postal and delivery services
- 10.7.5 Moving services
- 10.7.6 Telecommunications

11 Institutions

- 11.1 Agencies and consultings
- 11.2 Associatons
- 11.3 Publishers
- 11.4 Fairs and congresses
