Connecting Healthcare IT
21 to 23 April 2009 in Berlin

www.conhit.com

Congress and Academy Programme

Meet leading figures, find solutions.

Preliminary Information, January 2009

Chairman of the Executive Committee conhit Congress:
Prof. Dr. Peter Haas (GMDS e.V.)
Deputy Chairman of the Executive Committee conhit
Congress: Dr. Carl Dujat (BVMI e.V.)

Chairman of the Executive Committee conhit Academy:
Prof. Dr. Christian Johner (Institute for Information Technology in Healthcare)
Deputy Chairman of the Executive Committee conhit Academy:
Cornelia Vosseler (BVMI e.V.)

Congress Programme: Tuesday, 21.04.2009			
09:00	Opening event		
10:30	Break / Networking	Break / Networking	Break / Networking
	Session 1	Session 2	Session 3
11:00 to 13:00	Practical uses of the telematics infrastructure in medicine <i>Prof. Dr. Peter Haas, Norbert Butz *</i> The session reveals the practical uses of the national telematics structure and provides actual examples of applications which are now making use of it or will do so in the future.	IT-supported medical documentation using tumour documentation as an example <i>Andreas Kassner, Angelika Händel *</i> What stages are necessary in the process of compiling good documentation and for the introduction of a documentation system? The session presents examples of implementations in various contexts and integration scenarios using tumour documentation as an example.	IT in nursing care – status and practical applications: Call for Papers-Session CFP <i>Prof. Dr. Ursula Hübner, Marie-Luise Müller *</i> The use of IT to support health care processes is steadily gaining in importance. Various examples of actual applications and reports on experience gained with Healthcare IT will be presented during the session.
13:00 to 19:00	Industrial Fair		
From 19:00	conhit Party for all participants at the Entrance South		

Congress Programme: Wednesday, 22.04.2009			
	Session 4	Session 5	Session 6
09:00 to 11:00	Business intelligence – theory and practice <i>Dr. Dirk Kaczmarek, Dr. Dieter Müller *</i> The basic methodological aspects of the analysis and definition of requirements will be presented, along with the concept and actual implementation of BI software systems and their effects, e.g. using evaluations or progress reports from hospitals.	IT-supported organisational management in Healthcare facilities <i>Volker Lowitsch, Anke Simon *</i> The focus is on using IT to support processes in, among other areas, the management of appointments and resources, organising treatment, compiling and documenting complex services using IT-supported workflow management and IT-supported process analysis and optimisation.	Intelligent IT solutions using the documentation of medication and drug therapy reliability <i>Dr. Léonie Zimmermann, Dr. Mathias Schindl *</i> The session deals with methodological aspects of an analysis and definition of requirements, the concept and actual implementation of medication documentation modules in the information systems used in practice and in hospitals, and the subsequent mechanisms for drug therapy reliability.
11:00	Break / Networking	Break / Networking	Break / Networking
	Session 7	Session 8	Session 9
11:30 to 13:00	Business intelligence – actual applications: Call for Papers-Session CFP <i>Dr. Dieter Müller, Dr. Dirk Kaczmarek *</i> How can BI instruments be introduced, integrated within the IT infrastructure and effectively used? This session will present relevant examples of actual applications, along with progress reports.	Integration of IT and medical engineering systems <i>Prof. Dr. Björn Bergh, Dr. Pierre-Michael Meier *</i> Using completed implementations, the technical aspects of the integration of medical engineering systems with information systems in practice, laboratories, radiology, intensive care and hospital information systems will be addressed, along with semantic interoperability and existing standards.	International excursion: Experience of and insights into new markets <i>Prof. Dr. Paul Schmücker *</i> International experts will report on the current situation and the development prospects for information processing in different countries.
13:00 to 19:00	Industrial Fair		

Wednesday, 22 April 2009, 13:30 to approx. 17:00 (parallel with Industrial Fair): **conhit Advanced Training Programme for Office Practitioners**
 Person responsible: Gilbert Mohr: Benefits and challenges arising from the use of IT in medical practice. Recommendations based on practical experience.

Congress Programme: Thursday, 23.04.2009			
Session 10	Session 11	Session 12	
09:00 to 11:00	Personal health records <i>Prof. Dr. Ulrich Prokosch *</i> This session will consider the use of health records with reference to cases of specialist use, functionalities, layout of the subject matter and ergonomics, as well as aspects of technical and semantic interoperability between health record systems and primary systems, and the implementation of data protection.	Strategic aspects of hospital IT: Strategy, consolidation and the management of risk, security and services <i>Timo Baumann, Dr. Carl Dujat *</i> Using existing implementation and methodological contributions, models for future action and solution strategies from daily hospital IT practice are presented, e.g. for complex IT and hospital information system consolidation projects, IT risk and safety management and IT service management.	IT and its influence on society <i>Prof. Dr. Peter Haas, Wolf-Dietrich Lorenz *</i> What changes will information technology bring to private and professional life, teamwork and traditional working patterns and behaviour in general? The session deals with the social, socio-technological and ethical effects of IT, and not just with reference to Healthcare.
11:00	Break / Networking	Break / Networking	Break / Networking
Session 13	Session 14	Session 15	
11:30 to 13:00	Standardisation for eHealth applications <i>Dr. Thomas Norgall, Andreas Kassner *</i> An overview of currently available standards, with a particular focus on those for which there appears to be general approval and implementation by industry.	Modern business management with IT instruments: Call for Papers-Session <i>Udo Timmermann, Dr. Walter Swoboda *</i> Examples of actual applications will be given, together with progress reports about the deployment of IT solutions for business management in hospitals, e.g. for improved clarity and forward planning for all operational requirements.	Intersectoral cooperation in the future: prospects and the contribution to be made by IT <i>Prof. Dr. Volker Amelung, Dr. med. Dominik Deimel *</i> Progress reports, project guidelines and recommendations will be used to show how improvements can be made to intersectoral cooperation and thus to Healthcare.
13:00 to 18:00	Industrial Fair	Industrial Fair	Industrial Fair

* The persons named will take the chair for that session.

CFP Call for Papers-Session: In these sessions exhibitors at conhIT 2009 describe in collaboration with a user actual projects with regard to the main themes.

Academy Programme for conhIT 2009			
room 1	Tuesday, 21.04.2009, 11:00 to 13:00		room 2
Pharmacotherapy – poor relation of IT in hospitals <i>Prof. Dr. Britta Böckmann</i>			eLearning <i>Prof. Dr. Christian Johner</i>
room 1	Wednesday, 22.04.2009, 09:00 to 13:00		room 2
The new role of the hospital <i>Prof. Dr. Martin Staemmler, Prof. Dr. Britta Böckmann</i>		Development and evaluation of new packages of IT services <i>Steffi Druckenmüller, Prof. Dr. Christian Johner</i>	
room 1	Thursday, 23.04.2009, 09:00 to 13:00		room 2
Offering and using telemedical services <i>Prof. Dr. Martin Staemmler, Sebastian C. Semler</i>			IT systems procurement <i>Cornelia Vosseler</i>

Thursday: 23 April 2009, 13:15 to 14:15

Careers Workshop: Target group: Young professionals, job-seekers. Person responsible: Cornelia Vosseler, with Prof. Dr. Christian Johner deputising.
 What sort of career paths and professions are there / What does a career imply / What types of career are suitable for me / How do I plan my career in the Healthcare sector?

The conhIT Congress "Practical aspects of information processing in the Health sector" and the conhIT Academy have been prepared with content-related support from the Advisory Board of the conhIT Congress and Academy

Members of the Advisory Board of the Congress and Academy:

Prof. Dr. Volker Amelung · Timo Baumann · Prof. Dr. Björn Bergh · Prof. Dr. Britta Böckmann · Prof. Dr. Ing. Oliver J. Bott · Dr. Jörg Caumanns · Lilo Cloesters · Gerd Dreske · Steffi Druckenmüller · Dr. Carl Dujat · Armin Ehl · Sabine Girts · Prof. Dr. Peter Haas · Angelika Händel · Prof. Dr. Ursula Hübner · Prof. Dr. Christian Johner · Dr. Dirk Kaczmarek · Dr. Dietrich Kaiser · Andreas Kassner · Volker Lowitsch · Dr. Pierre-Michael Meier · Gilbert Mohr · Marie-Luise Müller · Dr. Dieter Müller · Thomas Norgall · MinDirig Norbert Paland · Dietmar Pawlik · Prof. Dr. Hans-Ulrich Prokosch · Heinz-Theo Rey · Dr. Mathias Schindl · Prof. Dr. Paul Schmücker · Sebastian C. Semler · Roland Sing · Dr. med. Philipp Stachwitz · Prof. Dr. Ing. Martin Staemmler · Dr. Günter Steyer · Dr. Walter Swoboda · Dr. Bernhard Thibaut · Udo Timmermann · Jürgen Völlink · Cornelia Vosseler

Institutions represented by the members of the Advisory Board:

ADAS · ALKRZ · AOK Bundesverband · BALK e.V. · BMG · Bundesärztekammer · Bundesverband Krankenhaus IT-Leiterinnen / Leiter e.V. · BMC e.V. · BVMI e.V. · DGG e.V. · Deutscher Pflegerat e.V. · DIMDI · DKG e.V. · DVKC e.V. · DVMD e.V. · FH Dortmund · FH Hannover · FH Osnabrück · FH Stralsund · Fraunhofer Institut für Software- und Systemtechnik, ISST · GMDS e.V. · HL7 Benutzergruppe Deutschland · Hochschule Mannheim · IHE Deutschland e.V. · Initiative D21 e.V. · Institut für Informationstechnologien im Gesundheitswesen · IuIG · Kassenärztliche Bundesvereinigung · Kassenärztliche Vereinigung Nordrhein · Klinik am Eichert Göppingen · Kliniken St. Antonius GmbH · Klinikum der Universität München · Marburger Bund Bundesverband · Rhön-Klinikum AG · TMF e.V. · UK Aachen · UK Erlangen · UK Erlangen-Nürnberg · UK Freiburg · UK Heidelberg · UK Tübingen · VHiG e.V.

Details correct as of January 2009.

Additional details about the programme of the Congress and the Academy, about certification for the event and about applying to attend the Academy seminars can be found at www.conhit.de > congress or www.conhit.de > academy.
