News Release Distribution Services

Business Wire's value-added Tradeshow Circuits include the following at no additional charge:

- ▶ Distribution to thousands of show relevant [trade media](#) worldwide.
- ▶ Posting to [hundreds](#) of search engines, websites, databases and online news sites.
- ▶ Inclusion on daily show news recaps for attending and industry media.
- ▶ Posting to the exhibitor news archive on the official show site along with dedicated [exhibitor news archives](#) at Tradeshownews.com and Virtualpressoffice.com.
- ▶ Automatic insertion of [social media bookmarks](#).
- ▶ Automatic posting to related industry [RSS feeds](#).
- ▶ **Measurement Reports:** Business Wire NewsTrak Reach, Posting and Access Reports providing news distribution, portal posting highlights and viewership data and charts along with the Virtual Press Office [DayTrak](#) media interest report.
- ▶ [XHTML](#) style.

Photo, Video and Multimedia Distribution

Multimedia news is 2.5x more likely to be viewed. The [Smart News Release](#) is the most effective way to deliver your product photos, video, audio, white papers, powerpoints and more to bloggers, consumers and media worldwide. Your multimedia is available directly through your news release for easy access and through a special section of the exhibitor news archive.

Electronic Press Kit via Virtual Press Office

9 of 10 journalists prefer an online Press Kit to traditional printed news resources. "Be Green", reduce your costs and enhance the visibility of your press kit with an [electronic press kit](#) through Virtual Press Office. Make your press materials instantly accessible through the official show site and by media and consumers worldwide. Includes a post show [DayTrak](#) report, measuring opinion leaders who requested and reviewed your materials.

vNews by Virtual Press Office

Create a fully customized HTML email campaign with [real-time lead generation and media reporting](#).

Search Engine Optimization

[EON:Enhanced Online News](#) posts your press release to our web-optimized platform and turn your release into an interactive web portal designed to be found, read and shared, as well as indexed by search engines.
