.....	INT06-S	Technical Support for each starting 1/2 hour each	75.00 EUR

#### Specification

Non-public IP address or SSID; Network: WLAN – standard 802.11b.

Terminal requires following equipment (with standard): WLAN compatible laptop/ PCMCIA WLAN card, WLAN card for desktop PC.

Provider access: Messe Berlin GmbH provides internet access and IP address (non-public IP address space).

**The assigned frequency ranges will also be used for other radio applications. Messe Berlin provides no warranties regarding the minimum quality or freedom from interference of radio signals. Protection against impairment or interference resulting from other authorised uses of the frequencies cannot be guaranteed in all cases. In particular, when frequencies are shared, mutual impairment of WLAN radio applications cannot be ruled out and must be accepted.**

The internet access is possible with a connection to the exhibition halls WLAN, continuing with **34 Mbit/s** **outerline** to ISP. The possible band width is depending on the WLAN capacity as well as the provider back bone.

All data applicable to the connection will be sent to you with the confirmation of the order.
